

# NETJETS PEAK PERIOD DAYS

Guaranteed availability, even on the busiest travel days of the year.

For the designated Peak Period Days when demand on the NetJets fleet is the greatest, aircraft availability is guaranteed but you need to provide more advance notice. For new bookings and changes to existing flight plans, the required notice is 48 hours for NetJets Share Owners and 120 hours for Private Jet Card Owners and 25 hour Stand-Alone Shares. Even with advance notice, we may request that you accelerate or delay your departure time by up to 3 hours, depending on flight demand.

## PEAK PERIOD DAY RULES FOR NETJETS OWNERS

- Advance notice of 48 hours is required for new bookings and changes to existing flight plans for flights on Peak Period Days, with the possibility of an applied scheduling adjustment.
